

Mini-X

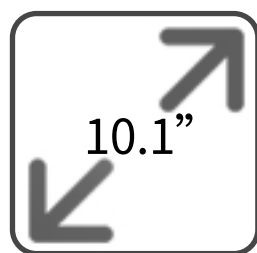

The Mini-X is a 10.1" touch terminal with a thermal printer included that can serve as a mini-kiosk or a mini POS system. There are no complicated cable connections that simplify the installation and use. The Mini-X is 100% fanless which allows it to run quietly and at the same time to provide a long service life. It is also resistant to internal dust build up as well as splashing water, and it is designed to withstand harsh environments. Its compact and stylish design is perfect for any store environment where space and aesthetics are concerned.

10.1" Flat Touch Screen | 2 Color Choices (White / Grey) |
Sleek and compact design | 100% Fanless
